

Realtor Closing Wine Gift Box

for 3 bottles

I build custom wine or champagne presentation gift boxes, laser engraved with names, dates, LOGOS, poems, verses and PHOTOS. Your celebration gift will be noticed and appreciated for years to come as these wood boxes are displayed for all to see. They are never re-gifted! Your thoughtfulness and consideration will be received with "wow, nice gift".

All the pieces of the gift box are laser cut out of baltic birch wood, then both sides are hand sanded, then glued and pinned together to make a unique personalized gift box for the occasion.
